

I See Wheels of Possibility.

Approximately 85% of people worldwide who need a wheelchair do not have access to one. Wheelchair access is life-changing. Appropriate wheelchairs and services allow someone to go to school, earn an income, and support their family.
AND YOU CAN HELP.

Ability Meets Mobility.

What you should know about the
INTERNATIONAL SOCIETY OF WHEELCHAIR PROFESSIONALS:

- It's free to join at wheelchairnet.org.
- We are an independent and international non-profit developing training and product standards.
- We have 80+ volunteers from over 20 countries serving on our advisory board and working groups.
- We support countries to implement policies to support coverage of appropriate wheelchairs and other assistive devices.
- We offer a FREE test in Basic Wheelchair Service Provision, resulting in an internationally-recognized certificate.
